

TIMELINE

PRIZES!

The top 20 Instructors with the most student participants will win the following:

- **Instructors 1 - 4 – Beat Studio 3 Wireless Headphones:** Beat Wireless Noise Cancelling Over-Ear Headphones
- **Instructors 5 - 20 – Cisco Backpack:** Ashbury Parkland Backpack – Navy. Your key items are safe and sound in this bag with a 13 inch computer sleeve, roomy main compartment, and water bottle pocket.

How Instructors Join the Learn-A-Thon

1. To enroll in the Learn-A-Thon for the [Internet of Things](#) course on [Skills for All](#), please create a InternetofThings course using the required naming convention: Learnathon2023_InternetofThings_<Instructor Last Name>
2. Register your course at <https://www.netacadlearnathon.com/projects/europe-2023/>
3. Promote the course and encourage as many students as you can to participate and complete the 6-hour self-paced course during the 6 weeks it is available (Feb 6 – Mar 17).

Q What's next? **A** Students may continue their learning with [Introduction to Cybersecurity](#).

For Instructors: Tools to Help You Promote the Learn-A-Thon

Please feel free to download any of these to promote the [6-week event](#) (scroll down web page):
