

Why join the Learn-A-Thon?

Participate in the **#EuropeanCyberCup** Learn-A-Thon to prepare student for a successful and lucrative career in one of the hottest job markets. Be part of the change and help fill the global cybersecurity skills shortage to build the workforce of tomorrow. Teach your students how to protect and defend against on-line attacks, creating safer communities for us all.

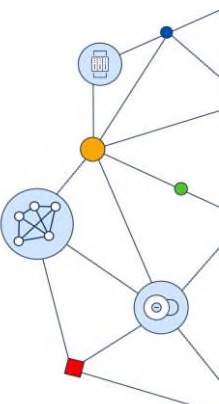

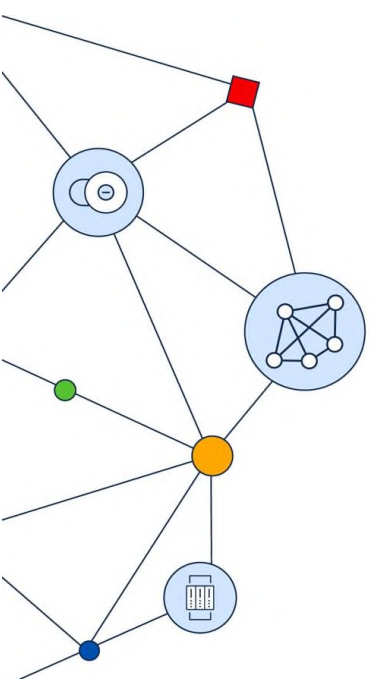

The **Cisco Networking Academy Introduction to Cybersecurity Learn-A-Thon** is giving you a chance to upskill so you can protect and defend our digital world!

3.5 Million

undersupply of cybersecurity professionals worldwide

Continued lack of cybersecurity professionals threatens economic growth.

It is vital to have professionals who can provide cybersecurity leadership, test and secure systems, and train people in digital hygiene.

How to join the Learn-A-Thon

1

Organize your academy for the 4-week Intro to Cybersecurity Learn-A-Thon, from **23 Oct – 19 Nov 2023**.

2

Assign an instructor dedicated to manage the class and answer the students' questions.

3

Open your new class on skillsforall.com using your NetAcad instructor credentials. Students should not start before **23 October**.

4

Instructors must name classes with the following text at the beginning < **#EuropeanCyberCup_...** >

5

Institutions interested in participating in the Learn-A-Thon must **register using [the form](#)** and agree to the [Terms and Conditions](#).

6

The academy promotes the course in its community and enrolls its students in the [Introduction to Cybersecurity](#) course.

7

Instructors must engage students to **complete the course by 19 November**.

8

Compete for prizes and gain regional recognition for your academies, instructors and ASCs. Students will receive certificate and digital badges.

Earn a Digital Badge Today!

Join the Learn-A-Thon and reward your students with a digital badge to celebrate their achievement.
